Mr Mitch Hannan
Project Manager
TriCore Civil Services Pty Ltd
PO Box 7801
Hemmant, QLD, 4174

Dear Mitch,

Re: Testimonial of TCS on the ROK Nth Fire Main Construction Project

TriCore Civil Services (TCS) has proven themselves on the recent Rockhampton North (ROK Nth) Fire Main Construction Project that has recently been completed in 2025 in demonstrating the following core principles throughout their presence and activities on site:

- Professionalism demonstrating integrity, responsibility, respect, and competence in conduct and communication, regardless of the situation.
- Transparency through openly sharing information about an organization's processes, performance, and decisions to build trust with stakeholders, including customers and employees; and
- Cooperation with all stakeholders, aiming to align on shared goals, share knowledge, and make joint decisions to ensure the project's success and achieve positive outcomes.

Central Queensland University (CQU) strongly recommends the product and services that TCS have provided thus far and look forward to any future opportunities to work again with them having now experienced their capabilities.

Yours sincerely,
Gordon Boytell
Senior Project Manager
